"And the Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life; and man became a living soul. And the Lord God planted a garden eastward in Eden; and there he put the man whom he had formed."

~ Thank You ~
Thank you and great job to all the swimmers we had this year at Long Point. Thank you to the parents who bring their children every day and who provided and purchased silent auction prizes and tickets. Thank you also to Shop Easy and Eriksdale Coop for donating the food for our wind up. Without the support from our local businesses, our families and the ISA we wouldn't have such a great program, and we might not be able to provide a chance for our children to learn this important life skill.
Have a great rest of your summer everyone, and we'll do it all again next year!

Reminder: we are CLOSED MONDAYS to the public, but still in the office running the paper.

Rural Municipality of Grahamdale
 All government agencies (public sector) must develop an Accessibility Plan to address accessibility barriers in policies, practices and procedures. The goal is to ensure Manitobans of all abilities have full access to programs and services designed to meet the public's needs.
 In preparation of a municipal accessibility plan, each municipality is required to consult with people with differing abilities for advice and recommendations.
 We would like to invite R.M. of Grahamdale residents to the **Moosehorn Hall on Wednesday, August 16, 2017 at 6:00 p.m.** to take part in this consultation process. Our goal is to prepare an action plan to deal with the removal of any identified barriers which may exist. Refreshments will be served.
 If you have any questions or would like to discuss the Accessibility Plan, please call the R.M. Office at 768-2858.

Make a Tin-Can Wind Chime
 Use old cans and paint to create this charming wind chime.

Materials:
 5 or 6 tin cans in different sizes
 Acrylic paint or latex wall paint
 Paintbrushes
 Painter's tape
 Hammer
 Nail
 Twine
 Scissors
 10"-wide embroidery hoop
 Hot-glue gun

Directions:
 1. Rinse cans in hot water and remove any labels. Let dry. Paint cans a solid color, applying two coats (TIP: Semi- or high-gloss paint gives cans a great shine.) Paint geometric designs on cans. For stripes, use painter's tape to mask off sections. Let dry.
 2. Using a hammer and a nail, tap a small hole through center of a can bottom. Cut a 3' length of twine and thread through hole. Knot end inside of can. Repeat for remaining cans.
 3. Tie cans to embroidery hoop using simple square knots. Space evenly around hoop. Vary lengths so they can hang at different heights. Make sure they are close enough to one another to collide when wind blows, so they will make a sound. Apply glue to each knot to keep it in place.
 4. Glue one end of twine to hoop, then wrap twine around hoop until completely covered. Glue end in place. To make a hanger, cut three 2'-long pieces of twine. Tie each piece to hoop, spaced evenly around hoop. Tie pieces together in a single knot, making sure hoop hangs level.
